

QUANTUM[®] ELECTRONICS

Q-LOGIC 2 DRIVE CONTROL SYSTEM

The Q-Logic 2 Drive Control System by Quantum Rehab[®] is the most advanced power chair electronics package available. The Q-Logic Series creates an adaptable, expandable control system that serves even the most complex needs while delivering a host of exclusive features.

FEATURES

- More programming and customization options for a smooth ride
- Larger 2.8" LCD screen
- Built-in ambient light sensor automatically adjusts screen brightness
- Controller armor available in color matching options
- Enhanced horn volume
- Bluetooth access to computer, tablet and phone functions

Q-Logic 2 EX Enhanced Display

The optional Enhanced Display serves as a separate screen used with specialty drive controls to display system data. With the Enhanced Display's built-in environmental controls, Q-Logic 2 can operate a wide range of appliances that use infrared (IR) remote controls, such as televisions, and serves as a Bluetooth computer mouse emulator.

Optional Modules

Q-Logic 2 EX Stand-Alone Joystick (SAJ) / EX Attendant Joystick

Q-Logic 2 EX Joystick for LED lights

Q-Logic 2 Specialty Controls Interface Module*

The Q-Logic 2 Specialty Controls Interface Module offers an enhanced display at a lower cost and is an economical solution to provide specialty controls. On this module, specialty controls run standard through the Q-Logic 2 Drive Control System. Bluetooth® functionality also operates through Q-Logic 2. The module mounts to the TRU-Balance® 3 Power Positioning Systems accessory bar.
