

TRU COMFORT⁴

CUSHION SERIES

TRU-Comfort 4 Back
Cushion shown on the
Quantum[®] Edge 3 Stretto[™]

The TRU-Comfort 4 is a modular back cushion that incorporates superior positioning and comfort. The back design allows for optimal positioning in the seating system to reduce any loss of seat depth cause by cumbersome mounting hardware. It offers a four-way stretch CoolCore[®] cover that allows for maximum temperature and moisture control. Features include a high resolution foam cushion with a standard Visco topper for ultimate comfort and support. The Sport Back is also available with a leatherette cover and HR foam insert.

CoolCore® Technology

CoolCore® is a research-proven performance-fabric technology that adapts to its environment and regulates temperature by managing heat and moisture. The proprietary construction helps manage and distribute your body heat, and if you work up a sweat, it rapidly cools through regulated evaporation. Whether for the casual or athletic minded, Coolcore has the ability to change your personal environment and greatly improve your overall well-being.
